

Hey! I'm Clint, an Australian designer based in London & Melbourne. I've had the privilege of working with companies such as Netflix, Chivas Regal, Drambuie, TUI Group & more. I love to design for print, web and physical environments and brand experiences.

With over 8 years of experience, I have worked for clients large and small in studio's from Perth to Melbourne to London. I cut my teeth at the highly awarded Perth creative agency Juicebox, before moving east to Melbourne where I had the pleasure of working alongside the talented people at Studio Raft, Yoke, and WeAreDigital. During this time I worked for a wide range of clients within various industries, ranging from large corporate firms such as Bank of Melbourne, Bakers Delight and CBUS Super Fund, through to property firms such as Olive Hume, Evolve Development, Kay & Burton and Christies International Real Estate.

I have recently returned home from London after working at Exposure in London for 18 months. As the Lead Interaction Designer within the Exposure-x team, I had the opportunity to create integrated experiential campaigns for clients such as Netflix, British Heart Foundation, Chivas Regal, Hendricks, Reyka Vodka, Drambuie, Sailor Jerry's, TUI Group, Dove, and more.

## Commerical Experience

### Exposure

Interaction Designer

As the Lead Designer within the exposure-x team, my primary role was to support the Executive Creative Director, Robin Ek, in creating integrated experiential campaigns for clients such as Netflix, British Heart Foundation, Chivas Regal, Hendricks, Reyka Vodka, Drambuie, Sailor Jerry's, TUI Group and more. Whilst working alongside other strategists and creatives, my role was to bring big experiential ideas to life through the art direction and design of physical environments and experiences using various different design platforms ranging from branding systems, collateral and installations through to digital products and social content.
